

**Superior Stamp and
Coin Co., Inc.**

May 30-June 1, 1980

TERMS GOVERNING SALE

1. This is a public auction and mail bid sale conducted by the following two independent, non-related firms, each of whose employees, representatives and agents are solely and singularly responsible for its own merchandise, conduct and representations, regardless of any help extended to the other:

Rare Coin Company of America, Inc. (RARCOA)
Superior Stamp & Coin Co., Inc. (SUPERIOR)

2. All material shall be sold to the highest bidder. If any dispute arises during or immediately after the sale of a lot, the auctioneer shall have the right to recall the lot and put it up for sale again. In all cases, the auctioneer's decision shall be final. For the bidder's protection, NO "UNLIMITED" OR "BUY" BIDS WILL BE ACCEPTED.
3. Auction sales are strictly for cash and lots must be paid for promptly in U.S. funds. Credit cards such as VISA, Master Charge, American Express, and others may not be used for payment. Bids cannot be accepted from those under 18 years of age without a parent's written consent.
4. Floor bidders who have not established credit with the firm conducting the session must furnish satisfactory credit references or deposit 25% of their total bids for that session before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded after that session.
5. Bids must be for an entire lot. No lots will be broken up. Lots will be sold in their numbered sequence unless the auctioneer directs otherwise.
6. All items offered in this catalogue are guaranteed to be genuine and as described. Claims to the contrary must be made within seven (7) days after receipt of material directly to the firm conducting the session in which the material appeared. No lot may be returned without the prior written consent of the firm conducting the session in which that lot appeared. Late remittance for purchases, however, abrogates this privilege.
7. This is *not* an approval sale. Bidders are expected to keep, and promptly pay for, all lots for which they are the highest bidder as determined by the auctioneer. Floor bidders are encouraged to carefully examine all lots in which they are interested since NO LOTS PURCHASED BY FLOOR BUYERS MAY BE RETURNED.
8. Mail bidders are requested to send all of their bids to just one of the two participants in this sale. That firm will then execute the bids on behalf of the mail bidder in all four sessions. No commission is charged for this service, and in all cases, the successful mail bidder will be awarded the lot at a nominal advance over the next highest mail or floor bid. Postage, insurance, and sales tax if required by law to be collected, will be added to the invoice of any lots that are shipped to successful bidders. If a mail bidder has not established credit with the firm bidding on his behalf, satisfactory credit references must be provided or the mail bidder must furnish 25% of his total bids for the sale before his bids can be accepted.
9. When identical mail bids are received by the auctioneer for each session, preference is given to the first received. A mail bid will take precedence over an identical floor bid and a floor bidder must bid higher than the highest mail bid to be awarded any lot. The auctioneer reserves the right to refuse ridiculously low bids which he, in his sole discretion, feels are not made in good faith.
10. The auctioneer reserves the right to open the lot at a reasonable price and to withdraw any lot.
11. Title to any lot remains with the firm conducting the session in which the lot appears until the lot is paid for in full. Each firm reserves the right to require payment in full before delivering any lot to the successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his possession. All care is taken to insure prompt and safe delivery of merchandise. However, risk of loss is on the buyer. All lots shipped to addresses outside the U.S.A. will be shipped by Registered Mail. However, since the U.S. Postal Service allows only a token amount of coverage on parcels sent to foreign addresses, we urge all successful bidders with mailing addresses outside the U.S.A. to arrange for their own insurance coverage prior to shipment of lots. Buyers will be notified as to dates of shipment and amounts of purchases.
12. All lots delivered in the State of Illinois are subject to 6% sales tax. Individuals purchasing lots for resale must be prepared to submit an exemption certificate signed by the purchaser or his agent and recognized by the State of Illinois, with their current resale certificate or number, or be subject to the sales tax. RARCOA will charge sales tax on lots delivered in Illinois. SUPERIOR will charge sales tax on lots delivered in California.
13. The auctioneer cannot be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing and able to pay.
14. All photographs in this catalogue are of the actual coins being sold.
15. BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS AND CONDITIONS.

Leo A. Young

RARCOA takes great pride in offering, at Public Auction Sale, the world coin collection of Leo A. Young.

Included in his holdings are virtually all aspects of world numismatics, from ancient times to modern issues, in all metals. Numerous rarities are to be sold, many of them in very choice condition. And of these, some rate among the FINEST KNOWN specimens.

Although even the highlights are too numerous to mention here, some of the stellar attractions from his collection that appear in the First Session are the gold 10 and 20 mark coins from German New Guinea and several ducats and multiple ducats from German States and Austria. A couple of his most prized possessions in the Second Session are such rarities as the taler from Quedlingburg, a Gem Palm Tree taler from Waldeck, and a very choice dollar and excessively rare 1/8 dollar copper pattern from Hawaii.

Mr. Young, born April 21, 1916 in Sanford, Florida, first became interested in coins in 1942. His interest became more and more active as time went on, and with the help and encouragement of San Francisco coin dealer Earl Parker, Leo decided to go into the rare coin business for himself. All this time, he was actively seeking and buying coins for his personal collection (the material we are pleased to offer here). And once he acquired something to add to his collection, it was not offered for sale -- until now.

Over the years, Mr. Young has given to the hobby his time, knowledge and expertise. He has spoken on the subject many times, before service clubs and to radio and television audiences. He maintains strong ties to several numismatic clubs and organizations, including the International Association of Professional Numismatists and the American Numismatic Association, of which he is a Patron member. He has also served as vice president and president of the prestigious Professional Numismatists Guild, an honor that is highly regarded in the rare coin industry.

As diverse as Mr. Young's collection is, we are certain that every collector will find something to suit his tastes.

VERY RARE DOUBLOON OF FERDINAND VI

- 116 1760 8 Escudos (Doubloon) of Ferdinand VI (1746-1760). Popayan Mint. Assayer: J. Issued during the final year of Ferdinand's reign, this date is VERY RARE. In fact, all dates of this

three year type are very scarce, to say the least. Fr. 16, C&C-13918 (Type 61). EXTREMELY FINE with handling marks, a few minor surface digs and a couple of insignificant rim bumps. Actually much more attractive than it sounds. (\$2500)

- 124 1785 One Escudo. Popayan Mint. Assayer: SF. C&C-15234 (Type 44), Fr. 42, Cr. 29c. EXTREMELY FINE with a few minor surface marks. An interesting variety, the obverse legends and devices are double struck, giving the impression of being a "double die." (\$90)

- 125 1787 2 Escudos. Popayan Mint. Assayer: SF. C&C-15429 (Type 49), Fr. 40, Cr. 30c. FINE to VERY FINE. (\$150)

- 132 1795 8 Escudos. Nuevo Reino (Bogota) Mint. Assayer: JJ. C&C-17220 (Type 49), Fr. 51. Fully brilliant, Choice EXTREMELY FINE. Probably struck late in the year as is evident by the extremely rusty dies which struck the coin. (\$1250)
- 133 1795 8 Escudos. Popayan Mint. Assayer: JF. C&C-17221 (Type 49), Fr. 52. Choice EXTREMELY FINE with slight weakness in striking in the crown area of the reverse. (\$1200)

- 143 1799 8 Escudos. Issued at the Popayan Mint. Assayer: JF. C&C-17248 (Type 49), Fr. 52. Choice EXTREMELY FINE with nice lustre. The coin, especially on the obverse, has numerous extremely light hairlines, probably caused by being very lightly cleaned long ago. Still quite an attractive specimen. (\$1250)
- 144 1799 8 Escudos. Popayan Mint. Assayer: JF. C&C-17248 (Type 49), Fr. 52. GOOD EXTREMELY FINE. (\$1350)
- 145 1799 8 Escudos. Popayan Mint. Assayer: JF. C&C-17248 (Type 49), Fr. 52. The coin is fully Proof-like, obverse and reverse, and is virtually UNCIRCULATED. Quality-wise, one of the highlights of the sale. PLATE (\$2000)

MINT STATE DOUBLOON

See Color Plate

- 146 1800 8 Escudos. Bogota Mint. Assayer: JJ. C&C-17253 (Type 49), Fr. 51. UNCIRCULATED and about as nice a strike as they come. The coin is pale gold in color and has satiny surfaces with subdued lustre. Should see spirited bidding with the buyer becoming the proud owner of a gorgeous coin. (\$2500)

147 1801 8 Escudos. Bogota Mint. Assayer: JJ. C&C-17264 (Type 49), Fr. 51. VERY FINE. (\$800)

153 1837 One Peso. Issued at the Bogota Mint by Assayer: RS. Fr. 77, Cr. 166. First year of the new type. Virtually UNCIRCULATED and SCARCE this nice. (\$150)

154 1837 16 Pesos. Bogota Mint. Assayer: RS. Fr. 74, Cr. 168.1. First year of type. VERY FINE. (\$600)

155 1842 One Peso. Bogota Mint. Assayer: RS. Fr. 77, Cr. 166. EXTREMELY FINE. (\$90)

156 1846 16 Pesos. Struck at the Popayan Mint. Assayer: UE. Fr. 75, Cr. 168.2. The last year of type and RARE. Attractive VERY FINE. (\$750)

157 1846 16 Pesos. Popayan Mint. Assayer: UE. Fr. 75, Cr. 168.2. GOOD EXTREMELY FINE with nice lustre and the reverse being Proof-like. Quite RARE, especially in this pristine state of preservation. Should eclipse its catalog evaluation. PLATE (\$950)

158 1871 10 Pesos. Medellin Mint. Fr. 104, Y-40.2. VERY FINE with a number of rim bumps. Rather SCARCE, as only 6,018 pieces were coined. (\$350)

COSTA RICA

159 1849-JB One Escudo. Fr. 4, Cr. 21. VERY SCARCE, only 13,032 pieces minted. Type with Lion counterstamp on obverse and reverse. Both coin and counterstamp are VERY FINE. (\$200)

160 1897 10 Colones. Fr. 20, Y-37. VERY FINE. (\$125)

CUBA

162 1915 One Peso. Fr. 7, Y-10. This and the following Cuban coins were based upon the U.S. standard and struck at the U.S. Mint at Philadelphia. They were designed by the Chief Engraver of the Mint, Charles Barber. VERY SCARCE -- mintage only 6,850 -- especially in this pristine condition. CHOICE BRILLIANT UNCIRCULATED. (\$550)

163 1915 One Peso. Fr. 7, Y-10. BRILLIANT PROOF, and a nice specimen at that. VERY SCARCE, as less than 30 Proofs were struck and today most have been lost through attrition or damaged and can no longer be said to be of Proof (Specimen) quality. Actually the One Peso is the only denomination of Cuban Proof Gold that appears at auction (or any type of sale, for that matter) with any regularity. Should see spirited bidding, as it is the first coin in the complete Cuban Gold Proof Set we offer to the highest bidder. (\$1000)

164 1915 2 Pesos. Fr. 6, Y-11. Only 10,050 pieces struck. VERY FINE with a mount expertly removed from the rim at 12:00 and then expertly repaired. (\$85)

165 1915 2 Pesos. Fr. 6, Y-11. CHOICE PROOF and quite RARE. (\$1200)

166 1915 4 Pesos "STELLA." Fr. 5, Y-12. CHOICE PROOF. It is interesting to note that the designer of the U.S. "Stella" or 4 Dollar Gold piece was also Charles Barber, the American counterpart being struck some 36 years earlier. VERY RARE and seldom offered for sale. (\$3000)

167 1915 5 Pesos. Fr. 4, Y-13. CHOICE PROOF with a few extremely light handling marks evident on the obverse. VERY RARE and worthy of a strong bid. We note that Krause lists this coin at \$1750, which in view of today's market for choice and rare coins is somewhat out of line. We would not be surprised if it took a bid of double this figure to buy this jewel. (\$3000)

168 1915 10 Pesos. Fr. 3, Y-14. EXTREMELY FINE.
(\\$275)

EXCEPTIONALLY RARE PROOF 10 PESOS

169 1915 10 Pesos. Fr. 3, Y-14. CHOICE PROOF with only a few insignificant hairlines over otherwise perfect surfaces. EXCEPTIONALLY RARE and almost never offered. Should require strong bidding to purchase this rarity. (\$6000)

EXCEEDINGLY RARE PROOF 20 PESOS

See Color Plate

170 1915 20 Pesos. Fr. 2, Y-15. This, the final coin in the Cuban Gold Proof Set, is the most desirable in the entire set. Like the previous coins it depicts Cuban hero, Jose Marti (1853-1895) facing right. It is fitting that Marti be commemorated on the first gold coin issued by his country. Marti had spent years in exile because of his opposition to Spain and eventually was killed in 1895 at Dos Rios, leading the insurrection that ultimately left Cuba an independent state. CHOICE PROOF, this is the finest and possibly only Proof 20 Pesos to be offered for a good number of years. To our knowledge, only 3 complete gold sets (in Proof) have been offered in the last twenty or so years, and only 5 sets are known today. Authorities differ as to the total number of sets struck. Some list the number as "approximately 24," others at "less than 30." In any event, with a mintage around two dozen this coin must be placed into a class with such other classics as the American 1894-S Ten Cent piece. Both coins with comparable mintages were struck at a U.S. mint as specimen strikings (Proof condition). Today's market conditions dictate that the Dime should be worth some \$150,000 or more. In comparison, the Cuban RARITY should be worth a substantial sum. We note that a similar specimen, dated 1916, sold at a Christiansen sale in 1974 for \$40,000. We would be remiss not to add that the 1916 date is Proof only, with a mintage of 10, however in real value, and in 1980 Dollars a figure such as this does not seem outside the realm of possibility. Ideally, the entire gold set will remain intact and be purchased by the same buyer. However that is up to you, the bidder. Note that Krause places a valuation of \$13,000 on the piece, which seems too low. (\$10,000)

171 1916 5 Pesos. Fr. 4, Y-13. Lustrous EXTREMELY FINE. (\$150)

CZECHOSLOVAKIA

172 1928 2 Ducats. Fr. 7. Issued to commemorate the 10th Anniversary of the Republic. EXTREMELY FINE. (\$250)

173 1931 One Ducat. Fr. 2, Y-15. BRILLIANT UNCIRCULATED. (\$110)

174 1931 10 Ducats. Fr. 4, Y-18. Popular low mintage coin, only 1,239 pieces were struck. BRILLIANT UNCIRCULATED with a few insignificant, tiny rim nicks. PLATE (\$1250)

175 1932 5 Ducats. Fr. 5, Y-17. BRILLIANT UNCIRCULATED. There are a couple of minor rim nicks and two very small obverse scratches. Only 1,827 specimens struck. (\$600)

DANISH WEST INDIES

176 1904 4 Daler - 20 Francs. Fr. 2, Y-12. First year of this popular two year type. Lustrous GOOD EXTREMELY FINE. PLATE (\$475)

DANZIG

177 1923 25 Gulden. Fr. 43, Y-11. VERY RARE issue that was distributed to members of the Senate. Only 200 non-Proofs were struck, along with 800 Proof specimens. The example we offer is probably a circulation strike that has the appearance of being worn on jewelry for some time, though it does not show any evidence of ever being mounted, holed, or damaged. We would now classify the specimen as EXTREMELY FINE with pebbled surfaces. PLATE (\$1000)

DENMARK

178 1758 12 Marks. Fr. 269. GOOD EXTREMELY FINE with virtually full original mint lustre and as such, VERY SCARCE. PLATE (\$375)

The coin is GEM PROOF, encapsulated in plastic, complete with plush presentation case. Also included is a certificate of authenticity which certifies that the coin weighs 33.437 grams of .900 fine gold and has a diameter of 34mm. Krause lists valuation as \$800. (\$650)

INTERESTING LOUIS D'OR OVERSTRIKE

- 196 1702 Louis d'or with eight "L's." Paris Mint. Issue of Louis XIV (1643-1715). Gadoury 253, Fr. 182. A most interesting coin that was overstruck over the earlier type with four "L's" on reverse. Dijon Mint. VERY RARE and worthy of a strong bid. Choice VERY FINE. (\$1000)

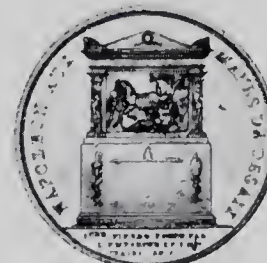

- 197 1727/? Louis d'or of Louis XV (1715-1774). Lyon Mint. Gadoury 340, Fr. 207. VERY FINE. (\$450)

- 198 1729 One Louis d'or. Lyon Mint. Gadoury 340, Fr. 207. EXTREMELY FINE. Nice quality for the type. PLATE. (\$650)

- 199 1786-B Louis d'or of Louis XVI (1774-1793) Rouen Mint. Gadoury 361, Fr. 220. EXTREMELY FINE. (\$375)

- 200 1788 One Louis d'or. Paris Mint. Gadoury 361, Fr. 220. Choice EXTREMELY FINE with some minor surface digs and flan flaws (as struck), particularly evident on the obverse. The coin is Proof-like with nearly full mint lustre. (\$450)

NAPOLEONIC MEDAL STRUCK IN GOLD

- 201 AN 13 (1805) Gold Medal struck to commemorate the Monument of General Desaix. Designed by Droz, Napoleon facing left on Obverse. Reverse: the Monument. Size: 26.5mm. Weight: 16.492 grams -- over one half ounce. In the important Napoleonic sale held by Bank Leu of Switzerland in 1975, a similar specimen (Lot Number 154) in FDC realized 1700 Swiss Francs, plus commission, over \$1000 U.S. In view of this, our Choice EXTREMELY FINE should be worth (\$500)

- 202 1811-A 40 Francs. Fr. 248, Cr. 167. Strong VERY FINE. (\$300)

- 203 1811-A 40 Francs. Fr. 248, Cr. 167. Similar to the previous lot, only Choice EXTREMELY FINE with mint lustre, both obverse and reverse. VERY SCARCE this nice. In fact, quality wise, the finest that we have handled in many years. Should be a nice addition to any Napoleonic collection. PLATE (\$450)

- 204 1834-A 40 Francs of Louis Philippe (1830-1848). Paris Mint. Fr. 297, Cr. 207. VERY FINE with light obverse scratches. (\$275)
- 205 1848-A 20 Francs. Fr. 329, Y-8. First year of two year type issued under Second Republic. GEM BRILLIANT UNCIRCULATED with immaculate surfaces. Worthy of premium bid. (\$300)
- 206 1866-A 50 Francs. Paris Mint. Fr. 319, Y-A40. CHOICE BRILLIANT UNCIRCULATED and VERY RARE in this magnificent state of preservation. It is very unusual to find any 50 Franc in Mint State. It should require a very strong bid in excess of catalog to buy this beauty. Krause lists the piece at \$850 and we would not be surprised if a four figure bid were required to capture this prize. PLATE (\$850)
- 207 1907 Gold Medal issued by the Society of French Artists. Size: 35.5mm. Weight: 28.973 grams. The medal is inscribed on the rim with a hall-mark and "10R" (10 Karat?). Designed by Daniel Dupuis, the obverse depicts allegorical figures. The reverse: "Societe Des Aristes Francais" around periphery and "Peinture/Salonde 1907/Henry Farre/Medaille De/3me Classe" in center. Struck in matte finish, the piece is virtually MINT STATE with modest handling marks. (\$210)

GERMAN EAST AFRICA

- 208 1916 15 Rupien. Tabora Mint. Fr. 1, Y-16. Variety one with Arabesque under "T" of Ostafrika. EXTREMELY FINE. Always a popular coin with collectors because of the following reasons. First of all it is a low mintage coin with only 9,803 pieces struck. It fits into both German and African collections. And finally, the rampant elephant on obverse makes it very popular with topical (animal) collectors. In the current strong world gold market it should be worth a low four figure bid. PLATE (\$850)
- 209 1916 15 Rupien. Tabora Mint. Fr. 1, Y-16. Second variety with Arabesque under the first "A" of Ostafrika. Somewhat scarcer than the first variety, as only 6,395 specimens were coined. EXTREMELY FINE. PLATE (\$850)

GERMAN NEW GUINEA

EXTREMELY RARE GERMAN NEW GUINEA 10 MARKS

See Color Plate

- 210 1895-A 10 Marks. Berlin Mint. Fr. 2, Y-8. EXTREMELY FINE and EXTREMELY RARE and seldom offered for sale. Possibly the most popular world gold coin, along with the 20 Marks, ever issued by any country, at any time in history. Also considered by many to be the

most beautiful coin ever struck with the single obverse device being the majestic "Bird of Paradise." According to mintage figures 2,000 specimens were coined. However, the infrequency of appearance, both at auction and private sale, indicates that the majority have been lost or destroyed through the years. This, added to the popularity (rarely will a collector sell, knowing that it is virtually irreplaceable), makes for a coin that does not appear on the numismatic market often. Should see strong bidding. (\$6500)

EXCEEDINGLY RARE PROOF GERMAN NEW GUINEA 20 MARKS

See Color Plate

- 211 1895-A 20 Marks. Berlin Mint. Fr. 1, Y-9. Everything that could be said about the previous lot can be said about this, and more. The specimen we offer is a CHOICE PROOF, deep golden color with frosted legends and devices. Approaching the GEM category. The only detractors we note are some extremely light handling marks and a miniscule scratch on the reverse, near the value. The coin has the following pedigree. It was purchased at auction from the joint Hess-Leu sale of October, 1963 (Lot Number 1582) in Lucerne, Switzerland. It then went into the private collection of Mr. Leo A. Young, who has consigned the coin to us. The coin was undoubtedly the highlight of Mr. Young's foreign numismatic holdings and in our mind, easily one of the highlights of this, or any auction sale, and is sure to become one of the premier items in anyone's collection. It is the Numismatic opportunity of a lifetime to have the chance to acquire both the Ten and Twenty Mark gold coins from German New Guinea. We expect intense bidding on this lot, as the coin is very much in demand. In fact, it appears on virtually every world gold want-list we receive, especially those emanating from Australia and the Far East. We would not be surprised if a figure approaching five figures is reached after the bidding ends. (\$8500)

CHOICE 14-PIECE PROOF SET OF 1839

- 266 1839 Proof Set of 14 pieces; Farthing through the 1/2 and One Sovereign Gold coins. Complete except for the Five Pound "Una and the Lion," which was removed by the consignor and sold in our C.I.C.F. sale last year (Lot Number 154, which realized \$21,000). The entire set, struck plain edge, can best be described as CHOICE with the following additional descriptive information: The Copper coins are evenly matched, deep chocolate brown in color. The Silver coins (the Maundy included) are all magnificently toned in purple and deep blue hues with traces of other colors. The Sovereign and 1/2 Sovereign are deep gold. There are some insignificant, extremely light hairlines on some of the coins. However, they are barely noticeable without some form of magnification. The Crown appears to have been dropped at some time in the past, as it now sports a minor rim bump at 6:00, obverse. An EXTREMELY RARE set that seldom appears on the Numismatic scene, as most have been permanently impounded in museums and important collections. A RARE opportunity for the specialist, especially considering that only approximately 300 sets were issued and few of this number are extant today. Should see spirited bidding and we would not be surprised to see our estimate surpassed substantially. (\$7500)

- 317 1818 15 Ducati. Fr. 856, Cr. 128. One year type and quite RARE, especially this nice. Choice EXTREMELY FINE with a considerable amount of original mint lustre. Both Krause and Friedberg place a valuation of around \$2500 for this, which might be a bit high. (\$2000)

POSSIBLE 2 1/2 ZECCHINI OF VENICE

- 330 N.D. 2 1/2 Zecchini (weight) with Alois Mocenigo legend. The style is such that exactly which Doge (I, II, III, or IV) issued it is indiscernible. The coin has a weight of 8.234 grams or the approximate weight of 2 1/2 Zecchini. However, a 2 1/2 is totally unlisted in both Di Scarfea and Friedberg. The style and strike give credence to the POSSIBILITY that the piece is an Eastern imitation struck to circulate as currency. The only flaw with this thinking is why would any one issue a counterfeit of a coin that does not exist in the first place? In any event, it is VERY FINE and obviously VERY RARE. Should be worth at least (\$1000)

- 331 N.D. One Zecchino with unclear legends. Obviously, a Balkan contemporary imitation issued to circulate as a medium of exchange. Virtually UNCIRCULATED and very interesting. (\$150)

See Color Plate

- 344 1906 10 Won. Fr. 2, Y-20. VERY RARE one year type, only 5,012 specimens coined. Seldom offered as is any Korean gold, and usually quickly snapped up by Oriental buyers. Catalogs in Friedberg for \$4500, but should be worth more, as this is a CHOICE specimen. Virtually UNCIRCULATED with full obverse and reverse lustre and only some minor bagging in the reverse fields keeps us from calling it a half grade higher. (\$5000)

BRILLIANT UNCIRCULATED, a GEM save for slight weakness, as struck, near the obverse periphery at bottom. A gorgeous coin with the color of "rose" gold. Missing in such celebrated collections as the Miquel Munoz, sold by our friends at Superior. Catalogs in both Friedberg and Krause (in Extremely Fine) at \$10,000. With much commoner coins now surpassing this level, we would not be surprised at all to see this figure surpassed. (\$9500)

Kingdom of Holland

POSSIBLY UNIQUE 50 STUIVERS STRUCK IN GOLD

See Color Plate

- 410 1809 50 Stuivers struck in gold and as such, possibly UNIQUE. No mention of this coin is made in either of the definitive Dutch works, Delmonte or Schulman. Both list the 1807 and 1808 dates, so it is logical that the 1809 should exist. We note that this date was also missing in the comprehensive Napoleonic sale held by Bank Leu some half dozen years ago. This specimen is a BRILLIANT PROOF with handling marks. The heavily over-polished Proof planchet gives the indication that the piece was possibly struck later than 1809. Weight: 37.144 grams. Ex Partin Bank Sale VII (Lot Number 188) held in September of 1978. At that time it sold for DM 29,000, plus commissions (over \$15,000). Our sources indicate the buyer was a very old, well established Dutch Numismatic house. On today's market it very well may bring a record price. (\$10,000)
- 411 1810 One Ducat. Very popular and desirable Napoleonic coin. Delmonte 1180, Schulman 133, Fr. 3, Cr. 61. Virtually UNCIRCULATED and surely worth our estimate. PLATE (\$1200)

Kingdom of Netherlands

- 412 1880 10 Guilders. Delmonte 1212, Fr. 19, Y-A16. GEM BRILLIANT UNCIRCULATED with exceptionally deep Proof-like surfaces and frosted devices. Possibly a Proof or specimen striking, as this is as nice a 10 Guilder as we have seen. Should see strong bidding. This is a rather SCARCE date with only 50,100 pieces being struck. PLATE (\$750)

NETHERLANDS EAST INDIES

- 413 N.D. One Mas. Sumatra coinage struck under the Sultans of Atjeh during the period 1297-1760. Crude VERY FINE. (\$75)

Enameled Coins

One of the many fascinating areas of numismatics is the collecting of engraved and enameled coins. This interesting field has long been overlooked by many and is now, after almost three quarters of a century of neglect, again experiencing a rebirth in popularity.

The art of enameling coins began in the early 1880's in Birmingham, England. Two jewelers of that town, William Henry Robert and Edwin Steele, were the most prominent of only a handful of skilled craftsmen who practiced the delicate art. The popularity of enameled jewelry reached its peak in the early 1890's, and then slowly fell off until about 1920.

As most of the craftsmanship was done in England, most of the work was done on English coins, with the Crowns of Victoria's Jubilee and earlier Crowns of George III (each bearing St. George and the Dragon) being the most popular. As the vast majority of enameling was done on the reverse side of the coin, those enameled on both sides are quite rare as both sides had to be heated, and this was a highly complex task. Many enameled coins were made into brooches or pins, as are the following, each having a pin back attached unless otherwise noted. The more colors that were used made the piece more expensive, although some of the single color pieces are also quite stunning.

Due to the popularity of last year's offering, we have this year included fifty pieces for your bidding consideration.

- 641 1911 25 Cents. Y-19a. Issued during the first year of the reign of George V, 1911-1936. BRILLIANT UNCIRCULATED, light handling marks (\$250)

CHOICE CANADA 1911 HALF DOLLAR

- 642 1911 50 Cents. Y-20a. CHOICE FROSTY BRILLIANT UNCIRCULATED, a virtual GEM. Certain to see spirited bidding as Canadian Half Dollars in this condition are few and far between. One of the FINEST we have seen and worthy of a strong bid. (\$1500)

- 643 1937 One Dollar. Y-33. SPECIMEN or PROOF striking. From our 1975 Central States sale (Lot Number 675) where it was accurately described as follows: "Superb, fully struck GEM BRILLIANT PROOF with a mirror obverse and satiny reverse. These coins were struck with both mirror and satin finishes, and apparently this is a 'mule' of the two. A mere 1,295 sets issued during the year and certainly only a fraction of that amount could have survived the factors of time and attrition. Deserving of a premium bid." Five years ago it sold for \$325. Should be worth more today. PLATE (\$300)

EXCESSIVELY RARE MAPLE LEAF PROOF SET

- 644 1947 PROOF or SPECIMEN set of 6 coins: One Cent through Silver Dollar. Each with small Maple Leaf after date. An incredible set that must be seen to be truly appreciated. Of the highest RARITY. Coins of this magnitude seldom enter the numismatic marketplace. In descending order a description of each coin follows. The Dollar is a GEM, magnificently toned on the reverse in hues of pale lilac. The obverse is brilliant with the lightest essence of grey. The coin is a SUPERB strike with the sharpest rim and perfect, square lettering and devices that we have seen. The Half Dollar is the EXCESSIVELY RARE variety with curved 7 pointing right. Charlton states, "No official mintage figures are available but a total 1,086 business strikes reported by a mint official, plus a SMALL NUMBER FOR SPECIMEN SETS." He catalogs the single Half Dollar at \$3500. The coin is a GEM, predominately toned on the reverse. The obverse being mostly brilliant but for a light grey tint. Color-wise, the Twenty-five Cent and Ten

Cent pieces are the most spectacular. They both have exceptionally deep PROOF surfaces that are drenched in a magnificent color display of deep purple and blue. The Five Cent piece also exhibits extra deep PROOF surfaces that are lightly toned. There is a lint mark in the reverse field and a few in the obverse fields caused by the polishing cloth at the mint. These are quite typical on Proofs. Last, the One Cent coin is deeply patinated in orange and purple hues. Overall, a breathtaking set that is sure to become the centerpiece in some specialist's collection. The set is housed in a plush, red and purple presentation case issued by the Canadian Royal Mint originally for a 1937 set. Catalogs for \$6500, but is certain to fetch more. In fact, a five figure bid is much more realistic. (\$7500)

- 645 1935 through 1956 Date Set of Silver Dollars. Including the major varieties, but lacking the Arnpriors. A total of 20 coins are included, all grading EXTREMELY FINE AND BETTER. SOLD AS IS WITH NO RETURNS. Catalogs much higher, but is certainly worth (\$800)

CHILE

EXCEEDINGLY RARE SANTIAGO PILLAR DOLLAR

See Color Plate

- 646 1758 Columnaria, or Pillar 8 Reales. Issued at the Santiago Mint. Assayer: J. Issue for Ferdinand VI (1746-1759) with reverse legend as "Ferdinandus." Choice VERY FINE. Calbeto 1374, C&C-13655, El-8, Cr. 5. It is the type with small "5" in date, as was done in previous years, and blundered obverse legend. The engraver evidently started too low, polished out his mistakes on the die (though not completely) and started over. The first letter is partially evident near the rosette on left, as are letters under "Vtraque." Listed in Calbeto as "RRR" with the meaning "EXTREMELY RARE . . . In Great Demand." We note that he estimates 1 to 5 specimens known of coins he designates "RR." "RRR" being even more rare, is the HIGHEST RARITY designation he gives to any coin. We are proud to have a coin of this magnitude in our first sale of the new decade. It is the type of coin whose appearance over a ten year span can be counted on one hand. Sure to see very spirited bidding, we expect considerable interest from collectors from both here and abroad. Certainly worth a conservative (\$13,500)
- 647 1791 8 Reales. Issue of Charles IV (1788-1808). Assayer: DA. Calbeto 1408, C&C-16615, El-41, Cr. 41. In 1976 Giessener Munzhandlung offered a similar specimen at auction. That piece realized the equivalent of over \$4500. In view of this, ours should be worth in excess of our conservative estimate. The PROOF surfaces remain intact with a uniform, light purple and blue tone evident on both obverse and reverse. EXCESSIVELY RARE and very seldom offered, as could be expected when one considers the miniscule mintage. Only 500 pieces were coined, hardly enough to supply the great demand for coinage from this, or any major country. Should see spirited bidding, in excess of our estimate. (\$2750)

- 911 1828 Bronze Medal. Obverse of John Capodistrias facing right. The reverse of this most historical medallion depicts England, France and Russia offering support to Greece. 44.5mm. Virtually AS STRUCK and worthy of a strong bid. Similar, Spink Lot Number 363 brought over \$600. PLATE (\$400)
- 912 1831 One Lepton. VERY RARE No Rays type. Divo 8 (variety). VERY FINE, struck on an imperfect planchet. Previously thought to be unrecorded. (\$150)
- 913 1831 10 Lepta. Divo 4. 31mm. Choice EXTREMELY FINE, some traces of original mint red. EXTREMELY RARE error legend type. Worthy of a strong bid. (\$250)

- 914 1832 Bronze Medal with Otto facing right on obverse. Legend: "Otto I King of Greece." C. Voight below bust. Reverse: seated Hellas with date in Roman numerals below, "Greece Reborn" above. Size: 41mm. Virtually UNCIRCULATED and certainly worth (\$250)

ATHENS (OWL) MINT RARITY

See Color Plate

- 922 1833 5 Drachmai with Owl mint mark. Struck at the Athens Mint with dies prepared in Munich. Divo 10c, Dav. 115, Cr. 13. OF THE HIGHEST RARITY, certainly fewer than a dozen specimens are known today and offerings of this issue in the numismatic marketplace are few and far between. The important Spinks Sale featured a scratched VF, nowhere near as nice as the specimen we now offer for sale to the highest bidder. Our coin is virtually UNCIRCULATED with light toning over rather deep Proof-like surfaces. There are a few light rim imperfections that are minor and really do not detract from this RARITY. Should see very strong bidding with the winning bidder becoming the proud new owner of one of the Rarest coins in our entire sale. (\$5500)

- 923 1834-A 1/4 Drachma. Divo 16b, Cr. 10. BRILLIANT UNCIRCULATED with pale golden toning. Comparable to Lot Number 906 in our 1979 CIGF sale, which realized \$325. (\$250)

- 925 1836 Marriage Medal of Otto and Queen Amalia on November 10, 1836. Size: 44mm. Obverse: Jugate busts of the Royal Couple. Reverse: Arms of Greece and Oldenburg on Crowned Mantle, Head of Athena between and lion below. A SUPERB example, CHOICE UNCIRCULATED with Proof-like, iridescent fields. A RARE medallion worthy of a strong bid. PLATE (\$500)
- 926 1836 Bronze medal designed by F. Neuss to commemorate the return of King Ludwig of Bavaria from his visit to King Otto in Greece. Size: 33.5mm. EXTREMELY FINE; also, 1836, same medal struck in Silver. Weight: 11.698 grams. EXTREMELY FINE. [2 pcs.] (\$150)
- 927 1837 University of Athens, Contributor's Medal struck in Bronze. Size: 44mm. EXTREMELY FINE. A similar piece in our sale last year realized \$185, so this piece should be worth (\$150)
- 928 1837 University of Athens, Benefactor's Medal. Like the previous lot, except with different reverse legend and EXCEPTIONALLY RARE thus. CHOICE UNCIRCULATED, light chocolate brown in color with Proof-like surfaces and traces of iridescent lustre. We note that an About EF in the Spinks sale realized the equivalent of over \$750. Ours should then be worth at least our estimate. PLATE (\$550)

EXTREMELY RARE CROWN OF 1844

- 929 1844 5 Drachmai. Issued at the Athens Mint. Divo 10d, Dav. 115, Cr. 13. EXTREMELY RARE in any condition, especially this CHOICE. Sharply struck UNCIRCULATED with fully lustrous surfaces hidden beneath light to moderate grey toning. The reverse rim displays a nicer rim than what is usually encountered, as for some reason this date has always been plagued with imperfect planchets, etc. We note recent sales in excess of the \$4000 figure. (\$3750)

- 930 1851 Pattern One Drachma struck at the Vienna Mint. Older, smaller head facing left, reverse similar to the regular issue. Divo P35, KM-4. EXTREMELY FINE, were it not for light porosity after being cleaned. OF THE HIGHEST RARITY. Divo notes, "Only two specimens are known by the author. One is in the Coin Cabinet of the Greek National Museum; the other piece was sold at the Hess-Leu sale of November 1967 and is now in a private collection in Athens." This information is now somewhat obsolete, but it does reflect the EXCEPTIONAL RARITY of the pieces. Should be well worth in excess of our estimate. PLATE (\$1500)
- 931 1851 5 Drachmai. Divo 11, Dav. 116, Cr. 16. EXTREMELY FINE with some light bagging and light toning over somewhat lustrous surfaces. EXTREMELY RARE one year type that is seldom offered. In our 1979 CIGF sale an inferior specimen realized \$2100. This coin should fetch more and is sure to see spirited bidding. PLATE (\$2000)
- 932 1868-A One Drachma. Divo 53a, Y-7. GEM Frosty BRILLIANT UNCIRCULATED. A SUPERB example of this first year type coin. Worthy of a premium bid. (\$200)
- 933 1869-BB (Strasbourg Mint) 10 Lepta. Divo 59-a, Y-4. CHOICE BRILLIANT UNCIRCULATED, Proof-like with virtually full, original color. A common coin in a very uncommon condition. Worth in excess of its catalog valuation. (\$75)
- 934 1873-A One Drachma. Divo 53b, Y-7. GEM BRILLIANT UNCIRCULATED attractively toned. RARE this nice and surely worth in excess of (\$100)

EXCESSIVELY RARE ESSAI 5 DRACHMAI OF 1873

- 935 1873 Pattern 5 Drachmai. Paris Mint. Divo P76, KM-23. The obverse is similar to that of the currency issue, except portrait is without moustache. The reverse is identical to the regular issue, but with "ESSAI" in left field before value and without mint marks. EXCESSIVELY RARE, only 3 pieces were known to exist according to Divo, one of them being the specimen in the Farouk collection. It is our belief that this is the former Farouk specimen which appeared in Lot Number 2415 of the Palace Sale, as it has the indications of being cleaned in the past. King Farouk loved bright and shiny coins and had attendants kept busy making sure his cabinet contained the most brilliant specimens in the world. The Pattern we now offer is CHOICE PROOF with minor handling and cleaning marks. (\$4500)

RE-CHECK YOUR BID SHEET TO INSURE ACCURACY!

- 936 1874-A 20 Lepta. Divo 56a, Y-5. CHOICE PROOF with beautiful sea green iridescent toning on the obverse, the reverse somewhat darker. VERY SCARCE, as are all Greek Proofs. (\$200)

INVERTED ANCHOR

- 937 1875-A 5 Drachmai. Divo 50a, Dav. 117, Y-14. VERY FINE. VERY RARE variety with blundered "Inverted" or upside down Anchor. Very tough as only a very small portion of all 1875's are of this type. The Spink specimen realized over \$1000, therefore ours should be worth at least our estimate. PLATE (\$750)

- 938 1876-A 5 Drachmai. Divo 50b, Dav. 117, Y-14. UNCIRCULATED as far as wear, but rather harshly cleaned. Should still be worth (\$150)

- 939 1883-A 2 Drachmai. Divo 51c, Y-8. VERY RARE and very much underrated in CHOICE condition. Choice ABOUT UNCIRCULATED with nearly full mint lustre beneath pale toning. Probably the FINEST 2 Drachmai of this date that we have handled. Should be worth at least (\$450)

- 940 1896 Large (50mm) Bronze medal issued in commemoration of the first Modern Meeting of the Olympic Games. Designed by N. Lytras and W. Pittner and struck in Vienna. Virtually UNCIRCULATED, rich chocolate brown in color; also, 1896 same medal but struck in Gilt (Gold) Bronze. CHOICE BRILLIANT UNCIRCULATED with deep, full Proof surfaces. [2 pcs.] (\$250)

- 941 1906 Gilt Bronze Medal for the 10th Anniversary of the Olympic Games. Similar to the previous lot with the date "1906" added. Frosty UNCIRCULATED; also, 1906 Silver Plated Bronze Medal in the same design. CHOICE Frosty UNCIRCULATED. The silvered medal was not in the Spinks sale and may be presumed to be RARE. [2 pcs.] (\$250)

- 942 1911 Pattern 2 Drachmai. Divo P80, KM-35. Issued at the Paris Mint. Similar to the currency issue except without mint marks and with "ESSAI" in right reverse field near rim. MATTE PROOF, a GEM with mottled toning. Divo states, "Two specimens are known to exist." Need more be said? Obviously OF THE HIGHEST RARITY and worthy of a strong bid. PLATE (\$2500)

1911 MULE/PATTERN ONE OF POSSIBLY TWO KNOWN

- 943 1911 2 Drachmai Pattern marked with "ESSAI" on reverse by denomination, near rim. Paris Mint. Obverse same as Divo P80, reverse same as P79. The obverse is of the standard 1911, the reverse is similar to those used in 1868-1883. UNLISTED and previously UNKNOWN prior to the Spinks Sale. The specimen we offer here is only the SECOND KNOWN. It is a MATTE PROOF, GEM except for small mark on obverse by mouth. Demand should be strong and we would not be surprised if a record is set. (\$4000)

- 944 1912 10 Lepta with no mint mark. Described in notation after Divo P90. EXTREMELY FINE and evidently quite RARE. (\$150)

- 945 1921-H 50 Lepta. Divo 101, Y-30. Lustrous UNCIRCULATED with some roughness on obverse rim. Similar to Lot Number 928 in our 1979 CIGF sale which was described as follows, "An EXTREMELY RARE coin, it must be considered one of the Classic 20th Century Rarities of the World. After striking, it had been discovered that the metallic content of the coin was greater than the face value and the entire issue was ordered to be melted. Somehow a few coins escaped the melting pot." Divo lists the piece as being of the HIGHEST RARITY (RRR). Should see strong bidding, in excess of estimate. PLATE (\$1500)

FABULOUS CRETE 5 DRACHMAI

See Color Plate

- 946 1901 5 Drachmai struck at the Paris Mint. Divo 130, Dav. 118, Y-9. UNCIRCULATED with some extremely light handling marks. The coin is sharply struck with full moustache and full detail in crown and virtually full detail on "Wild Man" in reverse arms. The piece exhibits full, blazing lustre and semi Proof-like surfaces delicately covered with a patina of grey, gold and orange coloring. A spectacular coin that must be seen to be appreciated. Totally original, it has never been cleaned or played with in any way and as such is surely among, if not, THE FINEST KNOWN. We sold an AU specimen in CIGF 1979 for \$950. This jewel should be worth at least double. Should see runaway bidding. (\$1500)

Ionian Islands

- 947 N.D. (1813) 50 Paras. Struck over a Silver Tari of Sicily dated 1694 with crude countermark of George III. Pridmore 6. Coin is excessively worn. Counterstamp FINE. RARE (\$750)

- 949 1819 One Obol. Pridmore 19a (variety), Cr. 22. One year type. CHOICE PROOF. Variety with Medallion Inversion of the reverse, and as such, EXTREMELY RARE. An EF in the Spinks sale brought over \$500, therefore this piece should be worth at least (\$450)
- 950 1819 2 Obol. Pridmore 18a, Cr. 23. Deeply toned PROOF with light handling marks and traces of original mint red around letters and devices. One year type that catalogs for \$500. Worth a minimum of (\$375)

- 951 1819 2 Obol. Pridmore 18a, Cr. 23. Similar to the previous lot, except Medallion Inversion which is **EXTREMELY RARE. PROOF** striking with handling marks and an exceptional amount of mint red (actually orange) still adhering around protected areas, especially by devices. (\$400)

CHOICE QUETZAL

- 960 1925 One Quetzal. El-143, Y-104. Lustrous **EXTREMELY FINE**. Quite **RARE** in any grade, especially this nice. 10,000 pieces were coined, however 7,000 were later melted. Catalogs for \$1250, so our estimate should be conservative. (\$1000)

PROOF-LIKE PILLAR 8 REALES OF 1735

This, the first lot of the fabulous grouping of 8 Reales we offer, is probably the most fantastic. It is **GEM UNCIRCULATED** with Proof-like surfaces and light attractive toning. **SCARCE** in any grade, in this condition it is **EXTREMELY RARE**. In fact, it certainly must be among the **FINEST KNOWN** for this date. Full mint state, early dated Pillar 8's are seldom encountered. EXCESSIVELY RARE
DEATH MEDAL OF GUSTAV II ADOLF

Photo Reduced 50%

- 1123 1632 Large (79mm) Gold plated Silver Medal struck on the death of Gustav II Adolf (1611-1632). Issued in the approximate weight of 4 1/2 Talers (131.305 grams). Engraved by Sebastian Dadler, one of the foremost Medalist of Europe during the entire 17th Century. He did the majority of his work in Germany, but as his reputation and notoriety grew, he also worked for the House of Orange, the Court of Sweden, and many other princely houses of Europe. This medal is Choice EXTREMELY FINE with MAGNIFICENT engraving, showing great detail work on both obverse and reverse. Gustav Adolf was probably the most brilliant and beloved king in the entire history of Sweden. He was the first of the "warrior Kings," a born general who concentrated on swift mobility, the best weaponry and training. It was he who in 1631, when it seemed Protestantism would be wiped out in Europe, became its savior by winning a brilliant victory in Germany at the Battle of Breitenfeld. One year later, in 1632, he won another famous battle at Luetzen, but was killed by an enemy straggler. He died at the age of 38. EXCESSIVELY RARE and of the utmost historic significance. This piece should see extremely spirited bidding. (\$2000)

- 1124 1792 One Riksdaler of Gustav IV Adolf (1792-1809). Ahlstrom 21, Dav. 1737, Cr. 89. The RARITY and the first year of the four year type. The flan is virtually free of adjustment marks which are typically abhorrent throughout the series. PLATE (\$500)

- 1125 1801 One Riksdaler. Ahlstrom 27, Dav. 346, Cr. 90. VERY FINE, rim bumps. (\$175)

Designed by Medalist and Coin Engraver, Friedrich Fechter, who signed his works, "F.F." Quite RARE and in great demand, as this is one of the prettiest coins ever struck and can be considered one of the classics of the world. We note only a couple of appearances during the past few years, the latest being in the Schweizerischer Bankverein Sale, Number 9, held in January of 1980. That specimen graded EF, and realized the equivalent of over \$2000. Ours, a GOOD EXTREMELY FINE with nice lustre and attractive golden toning, should bring over estimate. (\$1500)

See Color Plate

- 1136 1859 Shooting Taler (5 Francs). Divo 37, Krause 347, Dav. 379, Y-5S. Only 6,000 struck, of which this must certainly be **THE FINEST KNOWN** as the condition of this specimen is **FLAWLESS**. It is a **SUPERB GEM BRILLIANT UNCIRCULATED** example displaying square lettering and rims, and extremely deep **PROOF** surfaces. It is because of this that we suspect it may be a **PROOF** striking, or at the very least a first strike. Unimprovable, it is sure to see strong bidding, probably in excess of estimate. (\$500)

POSSIBLE PROOF 1863 SHOOTING TALER

- 1137 1863 Shooting Taler (5 Francs) issued for the Shooting Festival held at La Chaux-De-Fonds in Neuchatel. Divo 39, Krause 160, Dav. 381, Y-7S. Only 6,000 struck.
